Note: The Math 133 courses are late-start so this calendar is accurate only after 9-14-2009.

Also Note: As I'm involved with several committees on campus I am often in meetings during office hours (especially the ones that take place from 3-5:00). If you know you need help and are going to come to office hours, email me so that I can make sure to clear my calendar for you, if possible.
